

Solve Free FG

Solvent Free heavy duty degreaser

Solve-Free is a highly effective industrial degreaser, ideal for applications where a non-solvent specification is required, yet still has the power to deliver great cleaning results every time.

Solve Free Applications

- Removal of fats, oils and greases in food production areas.
- Deep cleaning of deep fat fryers.
- Removal of aged build up of fats and greases on pipe work and overhead canopies.
- Deep cleaning of vinyl flooring.
- Removing water based inks.
- Removal of sooty, carburised build-up from fire damage.

Solve Free Users

- Meat & Poultry processors
- Dairies and food retailers
- Schools and colleges
- Local Authorities
- Engineering Workshops
- Kitchens
- Transport companies

Versatile

Can be used hot or cold to remove stubborn deposits of carbonised fats, oils, greases and other soils.

Effective

Quickly gets to work on a variety of surfaces, saving tedious amounts of manual scrubbing.

Safety & Environment

More user friendly and environmentally friendlier than caustic based cleaners.

Economical

Solve Free can be diluted up to 1:100 parts water.
