

Grab Bags Your First Response

Grab Bags contain everything you need for a first containment response to a spill, in environments which are inaccessible, small, or mobile (vehicle fleets).

Grab Bags are easily carried to location with the included shoulder strap, or they can be wall or vehicle mounted via the sewn-in rod loop. A typical Grab Bag kit contains:

*Use in conjunction with
Spill Hound absorbent product range.*

	Chemically resistant goggles and tough disposable coverall	
	Snug-fitting face mask and tough vinyl gloves	
	Absorbent polypropylene pads and flexible pp-filled absorbent socks	
	Strong polythene printed disposal sacks
