

The hard-working Q-VAC™ 100 wet vacuum thoroughly removes all types of wet industrial spills to prevent injury and damage. And it gets the job done quickly, quietly, and virtually maintenance-free, running on compressed air.

### Mounts to Your Standard Drum

Easy-to-use and highly reliable, the Q-VAC 100 pumps liquid directly into a standard drum for convenient storage or recycling. A liquid overflow shutoff valve ensures vacuum automatically turns off when the drum is full.

### Ideal for Multiple Applications

- Complete kits available
- Empty coolants from sumps
- Vacuum oil, coolant, and other floor spills
- Remove surface decontaminates from process baths
- Empty tanks and drain pits
- Vacuum containers and vats absolutely dry

Complete with Hose and Accessories  
 2 piece chrome metal handle kit for floor nozzle  
 2m ultra flexible suction hose  
 Crevice tool for complete coolant sump drainage  
 Floor attachment with rubber glides

### Optional Extras

- Explosion Proof Vacuum set
- Open Top Drum kit
- Drum Dolly
- Drum Girdle
- Q-VAC Deluxe c/w 205 litre drum, drain valve, drum dolly, girdle & Q-Vac.
