

Site Mat

The site mat has been developed to provide a quality on site solution to meet the increasing demand for the protection of the environment.

The Site Mat allows the free-flow of filtered water through the products side walls, eliminating the requirement of regular decanting of secondary containment trays when deployed outdoors.

Site Mat Base

- Durable for demanding environments
- Non-absorbent and washable
- Must be used in conjunction with the new Filtatech liner system
- Folds in half for easy handling

Site Mat Holdall

- Manufactured using a heavy duty vinyl
- Ideal for neat storage
- Designed to suit site vehicles

Filtatech Smart Liner

- Basic level of protection against fuel and oil release.
- High quality fibres form a strong tear resistant liner suited to demanding environments.
- Designed to sit snugly within the Site Mat base unit

Filtatech Smart Liner Plus

- Premium level of protection against fuel and oil release
- Full perimeter up-stand prevents contaminant release during extreme weather conditions
- Held into position using Velcro tabs
