Combined sanitiser hand & surface wipe in a flat pack

Action -Wipes incorporate a powerful yet gentle formula which safely removes and encapsulates a wide variety of sealants and soils off multiple surfaces and skin.

Action wipes are quick and easy to use from their convenient flat pack.

Action-Wipes Applications

- For cleaning hands & surfaces contaminated with uncured sealants & resins.
- Removal of water based inks
- Cleans spot stains out of fabrics and carpets.
- Ideal for holding oily parts
- Cleaning Oily tools and equipment
- Post Oil Spill clean up

Action-Wipe Users

- Plumbers
- Decorators & Painters
- Highway departments
- Windscreen replacement Co's
- Facilities & Utilities Co's
- Double glazing fitters
- Car manufacturers
- Hydraulic engineers

Packaging

The flexible flat pack with it's re-sealable tab means they can be kept in a glove compartment or tool box.

Effective

Quickly gets to work on a variety of jointing sealants, silicones, grease and paints. Effective up to cure point.

Safety

Action-Wipes contain a water based formula which is non-flammable and gives the user a moisturising additive which helps keep the skin supple

Economical

Each pack contains a high liquid content, ensuring low evaporation when in use which means less wipes required to complete the task.

NO SOAP? NO WATER?

NO PROBLEM
