The AiroBlock System is portable and
easy to use,
allowing the operator to select the
required

AiroBlock™ Herb

A medium impact, high persistence product with a superb, clean herb tracer. Dilutes before use with up to 200 parts water and is recommended for continuous deployment.

200 litre drum £3.60/litre or £720.00

25 litre drum £3.95/litre or £98.75

AiroBlock™ C

A high impact, low persistence product, AiroBlock™ C is the dependable solution for any intense or unpleasant odour source. Recommended for manual or wind-triggered control, AiroBlock™ C is heavily reinforced with a powerful fruity tracer which provides instant odour relief but then disappears as soon as atomisation is stopped.
