Rub-Off

Low impact environmental solution for removal of tyre marks and bitumen.

Rub-Off combines natural citrus oils with a powerful surfactant technology to give unequalled performance in removal of oil, tyre marks, bitumen and heavy grime.

Product Applications

- Cleaning of oil spills from road surfaces and paving
- Removal of oil based stains
- Tyre mark removal

Product Users

- Highway Agencies
- Engineering workshops
- Local authorities
- Oil production sites
- Fuel distributors
- Transportation companies
- Car show rooms and garages
- Car parking providers

Versatile

Can be used to remove stubborn stains and heavy residue or as a service cleaner regularly

Effective

High performance advanced formula which quickly gets to work on a variety of surfaces, reducing manual effort and clean up time. Rub-Off is suitable for hand or machine use.

Safety & Environment

Designed for minimum impact on the environment and fully biodegradable.

Economical

Rub-Off can be used non dilute on heavy residue removal and diluted up to 1:40 parts water for regular cleaning to prevent build up.
