Strip-Eaze

Easy to Use Floor Stripper

Strip-Eaze is a low hazardous stripper which has been formulated in response to the problems associated with the lengthy preparation time when stripping floors of polishes and related finishes.

Product Applications

- Removes many layers of polishes in one application.
- Restores Gym floors quickly before re-applying final new finish.
- Removes many types of cross linked finishes.

Product Users

- Educational establishments
- Public buildings
- Contract cleaners
- Flooring contractors
- Hospitals and clinics
- Public transport

Versatile

Can be used hot or cold and applied by mop or sprayer.

Effective

Strip-Eaze has the ability to work quickly and at low temperatures, even when removing multiple layers of polish.

Safety & Environment

Developed with the end user in mind, Strip-Eaze has no strong ammonia or solvent smells. N.B Do not use on unsealed wooden floors. Rinse of surface well.

Economical

Strip-Eaze can be diluted with up to 10 parts water.

Additional Resources

Consult product label and material Safety Data Sheet (MSDS) for further use and information
