Ultra-Shield *The Protective Skin System*

Ultra-Shield forms an invisible, non-slippery protective barrier, protecting the skin from paint, harsh solvents, adhesives and similar harmful contaminants...Yet this invisible barrier washes away with just water, taking the contaminant too ! Ultra-Shield is silicone-free and contains natural herbal extracts.

Features and Benefits

- Non greasy formula provides extra grip when working with tools.
- Contains natural herbal extracts to help soothe the skin
- Protects against Paints, Tars, Resins, and Adhesives etc.

Ultra-Shield Users

- Garage workshops
- Maintenance and fitters workshops
- Paint sprayers
- Roofing contractors
- Fabricators

Economical

Each 600ml tub offers up to 200 applications.

Highly protective

Ultra shield ensures an invisible protective barrier on exposed parts of the skin.

Fast drying

Minimum time spent when applying
