Revive-Plus

Tile and floor restoration cleaner

Revive-Plus is a highly effective cleaner which has been developed to restore areas of tiled flooring which have build ups or deposits of hard water scale or excess grout. Often when a refurbishment or new build takes place deposits are left behind or simply the floor is looking tired and old due to wear and tear and requires a new lease of life. Revive-Plus is easy to use and gets great results quickly.

The results when used on a workshop tiled floor

- Quick and easy to use with no strong odours
- Cost effective can be diluted up to ten parts water
- Can be used on hard tiled surfaces except marble and terrazzo
- Non Abrasive formula ensures easier clean up

Effective on changing room floors in leisure centres

- Shower areas
- Floor renovation projects
- Garage workshop floors
- Builders cleans
- Food factories

Whatever your problem we have a solution
